

NONNE,  
WANDERUNGEN  
DURCH  
DUISBURGS FLOREN.

The book cover is a deep olive green with elaborate gold-tooled decorations. A large, ornate, scalloped border frames the central text area. The border is composed of repeating floral and scrollwork motifs. In the center, a smaller, similarly styled medallion contains the title. The text is in a classic, slightly serifed font. Below the title, there is a small, decorative flourish. The spine of the book is visible on the left, showing the same green material and gold tooling.
