

INDEX ALPHABETICVS

stirpium et medicaminum, praecedentibus sex voluminibus comprehensorum; nomina cum pharmaceutica, tum systematica exhibens.

Nomina systematica *typis obliquis* distinxi. Quae autem ex his asterisco notata cernuntur, ea in officinis pharmaceuticis quoque usitata sunt.

A.

Abelmoschus, Vol.III. p.376.

Abies, I. 27.

Abrotanum foemina, I. 134.

— mas, I. 116.

Absynthium maritimum, I. 128

— — ponticum, I. 124.

— — vulgare, I. 117.

Acacia nostras, III. 234.

— vera, II. 404.

Acanthus, II. 204.

Acanthus mollis, ibid.

Acetosa, IV. 348.

Acetosella, III. 492.

Achillea Ageratum, I. 170.

— foliis pinnatis &c. I. 168.

— Millefolium, I. 165.

— Ptarmica, I. 169.

Acmella, I. 135.

Aconitum, III. 5.

Aconitum Anthora, III. 29.

— Napellus, III. 5.

Acorus Calamus, V. 39.

Acorus palustris, V. 275.

— verus, V. 39.

Adiantum aureum, V. 494.

Adiantum Capillus veneris, V. 475.

Aesculus Hippocastanum, IV. 62.

Aethusa Meum, I. 277.

Agallochi veri Lignum, VI. 185.

Agaricus albus, V. 573.

— chirurgorum, V. 561.

*Agaricus muscarius, V. 555.

Agaricus quernus, V. 561.

Ageratum, I. 170.

Agnus castus, II. 195.

Agrimonia, III. 147.

Agrimonia Eupatoria, ib.

Aiauae

INDEX ALPHABETICVS.

- Aisuae femina*, VI. 239.
Aiuga pyramidalis, II. 123.
Alcea rosea, III. 363.
Alchemilla, III. 149.
Alchemilla vulgaris, *ibid.*
Alkanna (Anchusa), II. 100.
 — *vera*, II. 85.
Alkekengi, I. 463.
Alliaria, II. 317.
Allium, V. 122.
Allium Cepa, V. 137.
 — *Porrum*, V. 134.
 — *satium*, V. 122.
 — *Victoralis*, V. 135.
Alnus, I. 72.
Aloe, (variae species) V. 238.
Aloes Lignum, VI. 185.
Althea, III. 357.
Althea officinalis, *ibid.*
Ammi maius, I. 261.
Ammi verum, I. 260.
 — *vulgare*, I. 261.
Ammoniacum Gummi, VI. 190
Amomum, III. 316.
Amomum Cardamomum, V.
 61.
 — *Granum paradisi*,
 V. 67.
 — *Zingiber*, V. 52.
Amygdalae amarae, III. 256.
 — *dulces*, III. 250.
Amygdalus communis, III. 247
 — *Perfica*, III. 241.
Amyris Eternifera, IV. 28.
Amyris Opobalsamum, IV. 32.
Anacardium occidentale, IV.
 413.
Anacardium orientale, II. 192.
Anagallis, II. 1.
Anagallis aruensis, *ibid.*
Ananas, V. 186.
Anchusa officinalis, II. 97.
 — *tinctoria*, II. 100.
Anemone Hepatica, III. 102.
 — *nemorosa*, III. 91.
 — *pratensis*, III. 93.
Anethum, I. 288.
Anethum Foeniculum, I. 289.
 — *graeuolens*, I. 288.
Angelica Archangelica, I. 250.
Angelica fatiua, *ibid.*
Angelica sylvestris, I. 254.
Angelinae cortex, VI. 171.
Angusturae cortex, VI. 172.
Anime, II. 432.
Anisi stellati cortex, III. 566.
Anisum Sinenfe, III. 562.
 — *stellatum*, *ibid.*
 — *vulgare*, I. 298.
Anserina, III. 135.
Anthemis Cotula, I. 151.
 — *nobilis*, I. 150.
 — *Pyrethrum*, I. 152.
Anthophylli, III. 337.
Anthora, III. 29.
Anthos, II. 171.
Antirrhinum Linaria, II. 183.
Aparine, VI. 24. *Apium*,

INDEX ALPHABETICVS.

- Apium*, I. 303.
Apium graueolens, *ibid.*
 — *Petroselinum*, I. 301.
Aquatica nux, IV. 86.
Aquifolium, IV. 10.
Aquilegia, III. 1.
Aquilegia vulgaris, *ibid.*
Arabicum Gummi, II. 404.
Arbor vitae, I. 31.
Arbutus Vua vrsi, II. 54.
Arctium Lappa, I. 83.
Areca Catheca, II. 416.
Argentina, III. 135.
 * *Aristolochia angusticida*, I. 358.
Aristolochia clematitis, I. 356.
Aristolochia fabacea, II. 452.
 * *Aristolochia longa*, I. 351.
 * — *rotunda*, *ibid.*
 — *serpentaria*, I. 348.
Aristolochia tenuis, II. 356.
 * *Aristolochia trilobata*, I. 357.
Aristolochia vulgaris, I. 356.
Armoracia, II. 348.
Arnica, I. 157.
Arnica montana, *ibid.*
Arnica suedensis, I. 156.
Artemisia, I. 124.
Artemisia Abrotanum, I. 116.
 — *absinthium*, I. 117.
 — *indulca*, I. 113.
 — *maritima*, I. 128.
 — *pontica*, I. 124.
Artemisia rupestris, I. 129.
 — *vulgaris*, I. 124.
Arthanita, II. 25.
Arum, V. 44.
Arum maculatum, *ibid.*
Asarum, I. 359.
Asarum europaeum, I. 359.
Asclepias Vincetoxicum, I. 543.
Aspalathi lignum, VI. 185.
Asparagus, V. 179.
Asparagus officinalis, *ibid.*
Asperula odorata, I. 374.
Asphodelus, V. 140.
Asphodelus ramosus, *ibid.*
Asplenium Ceterach, V. 480.
 — *Ruta muraria*, V. 482.
 — *Scolopendrium*, V. 478.
 — *Trichomanoides*, V. 481.
Affa dulcis, IV. 540. 658.
 — *foetida*, I. 240.
 * *Astragalus exscapus*, VI. 83.
 — *Tragacantha*, II. 380.
Athamanta cretensis, I. 235.
 — *Oreoselinum*, I. 236.
Atriplex hortensis, IV. 329.
Atriplex olida, IV. 276.
 — *fatua*, IV. 329.
Atropa Belladonna, I. 430.
 — *Mandragora*, I. 441.
Auena, VI. 383.

INDEX ALPHABETICVS.

- Avena sativa*, V. 383.
Auicennia tomentosa, II. 192.
Aurantium, III. 284.
Auricula muris, I. 111.
 — *Iudae*, V. 583.
 B.
Baccae norlandicae, III. 153.
Badian, III. 562.
Belaustium, III. 262.
Balsamita mas, I. 132.
Balsamum Brasiliense, IV. 47.
 — *Copaiuae*, *ibid.*
 — *Gileadense*, IV. 32.
 — *Meccanum*, *ibid.*
 — *Peruvianum*, VI. 111.
 — *Rackasira*, VI. 231.
 — *Tolutanum*, VI. 117.
 — *verum*, IV. 32.
Balsamus Carpathicus, I. 14.
Barba hirci, I. 104.
Barbaraea, II. 318.
Bardana, I. 83.
Basilicum, II. 155.
Bdellium, VI. 196.
Beccabunga, II. 208.
Bedeguar, III. 174.
Been nux, II. 402.
Behen album, I. 94.
 — *rubrum*, I. 176.
Bela-Aye cortex, VI. 177.
Belladonna, I. 430.
Bellis maior, I. 149.
Bellis minor, I. 153.
Bellis perennis, I. 153.
Bengale radix, VI. 151.
Benzoe, IV. 540. 658.
Berberis, IV. 79.
Berberis vulgaris, *ibid.*
Beta rubra, IV. 278.
Beta vulgaris, *ibid.*
Betonica, II. 158.
Betonica officinalis, *ibid.*
Betula, I. 69.
Betula alba, *ibid.*
 — *Alnus*, I. 72.
Bezetta coerulea, IV. 139.
Biftorta, IV. 407.
Bixa Orellana, III. 392.
Boletus igniarius, V. 561.
 — *laricis*, V. 573.
 — *suaueolens*, V. 569.
Bombax, III. 367.
Bonus Henricus, IV. 267.
Borago, II. 95.
Borago officinalis, *ibid.*
Borstorphianna poma, III. 177.
Botrys mexicana, IV. 273.
 — *vulgaris*, IV. 270.
Bouista, V. 584.
Branca vrsina, (*perperam*) I. 256.
 — *vrsina*, (*vulgo*) II. 204.
Brassica capitata alba et rubra, II. 329.
Brassica Eruca, II. 337.
 — *Napus*, II. 336.
Brassica

INDEX ALPHABETICVS.

Brassica oleracea, II. 329.

— *rapa*, II. 334.

Britannica herba, IV. 343.

Bromelia Ananas, V. 186.

Brucea antidysenterica, VI. 172

— *ferruginea*, *ibid.*

Bruscus, I. 341.

Bryonia, I. 419.

Bryonia alba, *ibid.*

Bubon Galbanum, I. 262.

— *macedonicum*, *ibid.*

Buglossum, II. 99.

Bupleurum rotundifolium, I.
306.

Bursa pastoris, II. 355.

Buxus, IV. 262.

Buxus sempervirens, *ibid.*

C.

Cacao, III. 378.

Cactus Opuntia, III. 342.

Caieput (oleum), III. 319.

Calagualae f. Calaguellae ra-
dix, VI. 149.

Calamintha, II. 130.

Calamus Rotang, V. 301.

Calamus vulgaris, V. 39.

Calcatrippa, III. 31.

Calcitrapa, I. 98.

Calendula, I. 174.

Calendula officinalis, *ibid.*

Calombae f. Calumbae Radix,
VI. 154.

Cambogia Gutta, IV. 106.

Campechense lignum, II. 429.

Camphora, IV. 445.

Camphorata, IV. 333.

Camphorosma Monspeliensis,
ibid.

**Canella alba*, IV. 566.

Canella malabarica, IV. 441.

Cannabis, IV. 608.

Cannabis sativa, *ibid.*

Caoutschuc, IV. 167.

Capillus veneris, V. 475.

Capparis, II. 305.

Capparis spinosa, *ibid.*

Capsicum annuum, I. 475.

Carannae Gummi, VI. 198.

Cardamine, II. 319.

Cardamine pratensis, *ibid.*

Cardamomum, V. 61.

Cardiaca, II. 180.

Cardopatia, I. 88.

Carduus Mariae, I. 86.

Carduus marianus, *ibid.*

Carduus benedictus, I. 96.

— *tomentosus*, I. 87.

Carex arenaria, V. 310.

Caricae, IV. 578.

Carlina, I. 88.

Carlina acaulis, *ibid.*

Carpathicus Balfamus, I. 14.

Carpobalsamum, IV. 46.

Carthamus, I. 90.

Carthamus tinctorius, *ibid.*

Carum, I. 292.

Carum

INDEX ALPHABETICVS.

- Carum Carui*, I. 292.
Caryophyllata, III. 122.
Caryophylli aromatici, III. 333.
Caryophylli rubri, III. 503.
Caryophyllus aromaticus, III. 333.
Cascarillae cortex, IV. 128.
Cassia, II. 395.
 — *caryophyllata*, III. 314.
Cassia Fistula, II. 395.
Cassia fistularis, *ibid.*
 — *lignea*, IV. 441.
Cassia Senna, II. 388.
Cassiae Flores, IV. 417.
Cassumuniar f. Casumunar, VI. 151.
Castanea, I. 52.
Cataputia maior, IV. 195.
 — *minor*, IV. 100.
Catechu, II. 415.
Centaurea benedicta, I. 96.
 — *Behen*, I. 94.
 — *Calcitrapa*, I. 98.
 — *Cyanus*, I. 93.
Centaurium minus, II. 18.
Centumnodia, IV. 412.
Cepa, V. 137.
Cerasa nigra, III. 209.
 — *rubra*, III. 205.
Ceratonia siliqua, II. 434.
Cerefolium, I. 280.
Ceterach, V. 480.
Chacarillae cortex, IV. 128.
Chaerophyllum, I. 280.
Chaerophyllum sylvestre, I. 283.
Chamaedrys, II. 119.
Chamaeleon album, I. 88.
Chamaemelum nobile, I. 150.
 — *vulgare*, I. 143.
Chamaemorus, III. 156.
Chamaepitys, II. 121.
Chamomilla nostras, I. 143.
 — *romana*, I. 150.
Cheiranthus Cheiri, II. 339.
Cheiri, *ibid.*
**Chelidonium maius*, II. 300.
Chelidonium minus, III. 90.
Chenopodium ambrosioides, IV. 273.
** ——— anthelminticum*, IV. 275.
 — *Bonus Henricus*, IV. 267.
 — *Botrys*, IV. 270.
 — *Vulvaria*, IV. 276.
China (Radix), I. 339.
China f. Chinchina (Cortex), I. 546.
Chiochina angustifolia, VI. 70.
 — *Caribaea*, VI. 58.
 — *Jamaicensis*, VI. 58.
 — *de Santa Fé*, VI. 67.
 — *St. Luciae*, VI. 61.
 — *rubra*, VI. 44.
Chrysanthemum Leucanthemum, I. 149.
 Chynlen

INDEX ALPHABETICVS.

- Chynlen Radix, VI. 153.
 Cicer, II. 372.
Cicer arietinum, ibid.
 Cichoreum, I. 100.
Cichoreum Endiuia, I. 102.
 — *Intybus*, I. 100.
 Cicinum oleum, IV. 166.
 Cicuta, I. 213.
 — *aquatica*, I. 271.
Cicuta virofa, ibid.
 Cicutaria, I. 283.
 Cinae Semen, I. 113.
 Cinamomum f. Cinnamomum,
 IV. 417.
Cinchona angustifolia, VI. 70.
 — *Caribaea*, VI. 58.
 — *floribunda*, VI. 61.
 — *officinalis*, I. 546.
Cissampelos Pareira, I. 344.
Cistus creticus, III. 514.
 Citrullus, I. 401.
 Citrus, III. 265.
Citrus Aurantium, III. 284.
 — *medica*, III. 265.
Clematis recta, III. 103.
 — *Vitalba*, VI. 120.
 Coccognidium, IV. 634.
 Cocculus Indus, I. 343.
 Cochlearia, II. 341.
Cochlearia Armoracia, II. 348.
 — *officinalis*, II. 341.
Cocos butyracea, V. 1.
 Coffea, I. 386.
Coffea arabica, ibid.
 Colchicum, V. 193.
Colchicum autumnale, ibid.
 — *illyricum*? V. 215.
 Colocynthis, I. 407.
 Colubrinum lignum, I. 485.
 Columbo f. Colombae f. Co-
 lumbae Radix, VI. 154.
 Conessi (cortex), I. 541.
Conserua rinularis, V. 550.
Conium maculatum, I. 213.
 Consolida maior, II. 92.
 — *media*, II. 123.
 — *regalis*, III. 31.
 Contrayerua, IV. 572.
 Contra Semen, I. 113.
Conuallaria maialis, V. 260.
 — *Polygonatum*, V. 263.
Conuoluulus Lalappa, I. 502.
Conuoluulus maior albus, I.
 510.
Conuoluulus Mechoacan, I.
 507.
 — *Scammonia*, I. 494.
 — *sepium*, I. 510.
 — *Soldanella*, I. 512.
 — *Turpethum*, I. 510.
 Conyza coerulea, I. 173.
